

AG-581

Infinite Position Lift Chair

The AmeriGlide 581 is an infinite-position lift chair recliner with zero-gravity capabilities, which will allow you to relax with your feet elevated above your head for improved circulation and pressure relief. This premiere model also features a blown fiber pillow seat back that will provide the perfect balance of comfort and support. Users can even remove filling in order to achieve a customized level of cushioning that best suits his or her individual needs. Other great features include: convenient dual storage pockets, user friendly controls that allow you to independently adjust the seat back and footrest, head and arms covers for maximum durability, and much more.
